Basic rules

- Each player starts with 7 cards.
- Play by turns; begin clockwise starting with the player who won or dealt the cards on this game.
- Every player views their cards and tries to match the card in the Discard Pile (put one there first).
- You have to match either by the number, color or the action. For instance, if the Discard Pile has a red card that is an 8 you have to place either a red card or a card with an 8 on it.
